

BENELOGIC[®] COBRA Administration

**Everyone needs a
helping hand.**

Reduce your risk and exposure.

No one calls COBRA fun, but it is necessary and important. COBRA administration must be done correctly because of the risk and liability it brings with it. The regulations establish what must happen, so the difference in administrators often comes down to service.

Our à la carte services allow you to select just what you need. Our technology streamlines the process. As an optional service, we can manage your carrier updates to ensure COBRA administration is smooth and seamless. Employers already using Benelogic Control™ receive the carrier update service at no additional cost with the added benefit of managing their entire population in one place!

Every COBRA administrator should be an expert in COBRA regulations. Far fewer are experts in understanding and managing the full lifecycle of benefits. At Benelogic, it's our strength and what sets us apart from everyone else. We understand the ripple effects that inaccurate, incomplete and delayed data collection may have. We utilize our strengths in managing benefits eligibility, our extensive vendor relationships and our expertise in COBRA regulations to provide our clients a win-win-win situation.

Benelogic provides a range of intuitive web-based benefit management solutions and services that save you time, money and aggravation. We combine our knowledge and experience with the power of technology to deliver products and services that meet REAL needs in an ever-changing world.
